

# POWRLINK ZERO™

advanced power pedal system

## BREAKTHROUGH POWER

### TOTAL POWER\*

By adding each pedal's power output together, you will get your Total Power. With power accuracy within 1%, you know you will get the most out of every training session.

### LASTING POWER & RECHARGEABLE BATTERY

The rechargeable battery has up to 75+ hours of life for the longest rides outside. Low power warnings will be displayed on the ELEMNT bike computers, Wahoo Fitness App, and with the LED indicators on the pod.

### TEMPERATURE COMPENSATION + AUTOMATIC CALIBRATION

POWRLINK ZERO provides accurate power within a range of temperatures. The pedals automatically calibrate to the ambient temperature at the start of your ride, allowing you to focus on getting out and enjoying your ride.

### LEFT-RIGHT BALANCE\*

The dual-sided sensors in the POWRLINK ZERO pedals provide insight into your power distribution. Whether coming back from injury, or trying to improve your pedal stroke efficiency, this data can be invaluable for measuring improvements.

### A POWERFUL COMBINATION

POWRLINK ZERO is built on the cutting-edge Speedplay pedal platform, including the new features that Wahoo brought to the pedals. This includes Dual Sided Entry, 3 Axis Adjustability, Cleat Customization, and Sealed Bearings.

### KICKR ROLLR + POWRLINK ZERO BUNDLE

Pair POWRLINK ZERO to KICKR ROLLR for accurate power indoors. The simple set-up makes it easy to transition your ride from outdoors to indoors.

PRICE	DUAL-SIDED	SINGLE-SIDED

#### PRODUCT SPECS

Weight	9.5 oz // 276 g
Dimensions	3.9" x 2" 99mm x 51mm
Power Measurement	Dual Sided Power
Q-Factor // Stack Height	55mm // 13mm
Bearing Type	Sealed Bearings
Battery Type	Rechargeable lithium battery
<b>Features</b>	
Total Power	Yes
Cadence	Yes
Temperature	Yes
Automatic Calibration	Yes
Water Resistance	IPX7
LED Indicators	Yes

#### DUAL-SIDED

Weight	9.5 oz // 276 g
Dimensions	3.9" x 2" 99mm x 51mm
Power Measurement	Dual Sided Power
Q-Factor // Stack Height	55mm // 13mm
Bearing Type	Sealed Bearings
Battery Type	Rechargeable lithium battery
Total Power	Yes
Cadence	Yes
Temperature	Yes
Automatic Calibration	Yes
Water Resistance	IPX7
LED Indicators	Yes

#### SINGLE-SIDED

Weight	8.8 oz // 250 g
Dimensions	3.9" x 2" 99mm x 51mm
Power Measurement	Left Sided Power Only
Q-Factor // Stack Height	55mm // 13mm
Bearing Type	Sealed Bearings
Battery Type	Rechargeable lithium battery
Total Power	No
Cadence	Yes
Temperature	Yes
Automatic Calibration	Yes
Water Resistance	IPX7
LED Indicators	Yes
